Who we are

5Mins is a TikTok-style eLearning platform that helps organisations develop their employees efficiently and effectively.

What we do

At 5Mins, we revolutionise workplace learning with AI-powered microlearning solutions that streamline onboarding, upskilling, and training. Our platform offers personalised, bite-sized modules that reduce training time by 60-80% and boost engagement by 6-10x.

Leveraging AI, 5Mins automates and personalizes the learning journey, delivering tailored content aligned with individual roles and aspirations. Advanced features like real-time skill progression tracking and seamless integrations with existing systems ensure a holistic and efficient learning experience for all users.
